

BLUE RIDGE ELECTRIC MEMBERSHIP CORPORATION

Schedule Number: **8.9**

ELECTRIC RATE

**Schedule CSPP-1  
Cogenerators and Independent Power Producers**

(Rate for Power Producers)

Availability:

The output of cogeneration and independent power production facilities less than 1,000 kW that qualify under the Cooperative's cogeneration and independent power production program will be purchased by the Cooperative in accordance with the current guidelines for qualifying facilities as specified by the Federal Energy Regulatory Commission (FERC).

Type of Service:

Unless otherwise provided by contract, the character of purchased power will be 60-Hertz service. Voltage, single or three-phase, shall be determined by the voltage of the Cooperative's distribution lines in the vicinity unless otherwise agreed.

Monthly Rate:

Qualifying cogenerators and independent power producers will receive payment pursuant to the following rate schedule:

Energy Payment: 5.0¢ per kWh

Basic Facilities Charge: A minimum of \$121.10 per month will be deducted from the payment to the independent power producer.

Consumer Requested Facilities Charge:

A Consumer Requested Facilities Charge will be implemented when the Consumer desires a non-standard design or alteration of existing electric facilities to accommodate any generation export. The Consumer will be charged the higher of, (a) the standard Basic Facilities Charge for Rate Schedule CSPP-1, or (b) the Consumer Requested Facilities Charge as determined by the Cooperative.

Effective for invoices rendered after February 1, 2018  
Approved by Board of Directors, January 25, 2018
