20 ANNUAL REPORT 18 MEMBER FOCUSED. YOUR COOPERATIVE ADVANTAGE.

2019 Annual Meeting June 27, 2019, 4 PM Corporate Office, Lenoir NC

Dear Member,

As your cooperative modernizes and innovates to continue providing the best value to members, our core commitment remains steadfast: keeping your electricity reliable and your bill as low as possible.

Keeping rates stable is the most important way we can help keep your bill lower. We're very pleased to say that due to our favorable wholesale power cost, 2019 will mark six straight years we've completed with no rate increase for members!

The net benefit from our subsidiaries is also helping keep rates affordable. While our Blue Ridge Energy Propane and Fuels subsidiary delivers propane, heating fuels, and gas heating appliances to the region, our RidgeLink subsidiary offers businessto-business broadband and telecommunications services. Last year we posted \$3.3 million in net benefit from the subsidiaries, and these funds go directly to help hold down rates.

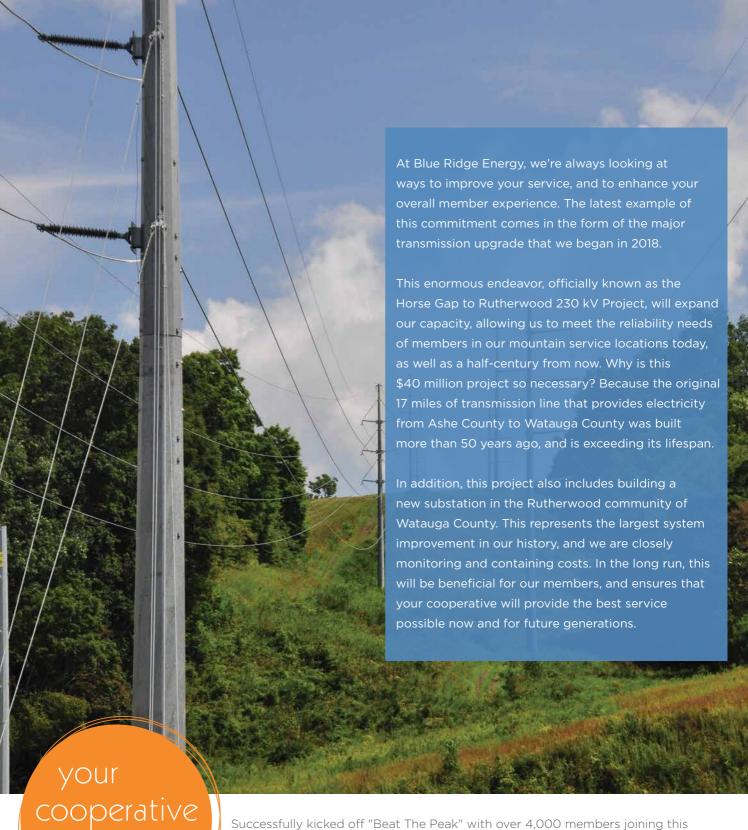

These results are backed by excellent employee performance in all of our Key Performance Indicators, especially reliability, customer service, and safety. We rank among the best in the nation in these categories, which is a testament to our entire team working to achieve the best results for our members and customers.

Following through on our member-centric mission includes other landmark moments in 2018 to benefit members:

- Over 4,000 members joined our "Beat the Peak" program to help keep rates lower for all by shaving demand during peak electricity demand periods. Combined with the cooperative's other demand control programs, this translated to over \$450,000 in wholesale power cost savings.
- Started construction of a new 230kV line and substation from Ashe County to Watauga County, which is the largest construction project in our history to provide the capacity and reliability needed to serve members.
- Returned over \$5 million to members through our capital credits refund, and another \$5.24 million will be returned by May, 2019.
- · Began construction on a new corporate headquarters building to serve as the hub for three companies: your cooperative and its two subsidiaries. It also includes a secure dispatch center where our entire electric system is monitored and coordinated for members and line technicians as well as our wholesale power source.

Blue Ridge Energy is improving lives in our service area in many different ways, a few of which you'll see in this annual report. We hope you see our devotion to the people and communities we serve all across northwest North Carolina and beyond.

- Jeff Joines, President / Doug Johnson, CEO

advantage

voluntary member effort to conserve electricity when usage is at its highest. This program along with other cooperative efforts have saved members nearly half a million dollars. Sign up today as working together is your cooperative advantage!

technology & innovation

As a cooperative, Blue Ridge Energy belongs to the members and communities we serve. Our core directive is keeping your costs low while providing the best, most reliable service. Our innovation to achieve this includes growing your electric cooperative to include a Propane and Fuels subsidiary company with service in all district offices. A second subsidiary, RidgeLink, provides businesses in NC and beyond with broadband and telecommunications service. Your

subsidiaries are contributing over \$3 million annually that go directly to help hold down member rates. We believe in the cooperative business model and all the benefits that means for local communities.

Come visit one of four district offices and see for yourself what innovative and beautiful energy-saving products are available. Whether you are looking for an indoor or outdoor fireplace, heater, back-up power generator, water heater or decorative outdoor products such as gas grills, fire tables and fire pits, stop by your local cooperative district office first.

Outdoor Kitchens

Fireplaces

Fire Pits

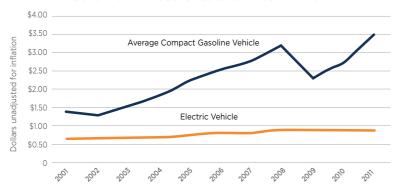

Water Heaters

While the obvious benefit of an electric vehicle (EV) is the environmental impact, there are serious cost savings, too! EVs have lower operating costs and driving economy. New models can travel up to 200 miles on a single charge. And, public charging stations are increasing. Your cooperative helped secure funding for public EV chargers in Blowing Rock and West Jefferson, and installed the fastest charger on the market at our Caldwell District office for public use!

Gasoline vs. Electric: Cost to drive 27 Miles

Comparison assumes a 27 mpg gasoline vehicle (average compact fuel efficiency) and an electric vehicle efficiency of 0.34 kWh/mile. Sources: EIA 2013a; EIA 2013b; EIA 2013c.

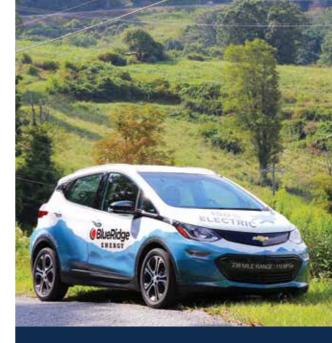

To support local economic and community development, we've secured over \$6 million in zero-interest loans and grants since 2005 for projects approved by the Rural Economic Development Loan and Grant program (REDLG). Most recently, Blue Ridge Energy was awarded over \$2.8 million in zero-interest loans for the following approved projects:

quality of life

City of Lenoir: \$1.36 million to build a new fire department for an underserved area of homes, businesses, and three schools.

Adhezion Biomedical, LLC: \$1 million to help this surgical component manufacturer expand and create 40 new jobs.

Grace Chapel Fire Department: \$552,000 to help purchase a water pumper truck and rescue equipment.

GRANT
FOR A NEW FIRE
DEPARTMENT

Largest capital credits return ever in 2018

In May of 2018 we returned over \$5 million in capital credits to our members, and this year we did the same. Capital credits are truly a unique benefit, and serve as a reminder that you're not only a Blue Ridge Energy member, but an owner too.

ELECTRIC BILL BREAKDOWN

As a cooperative, we are member owned which means we're held to a higher standard. So whether it's by offering capital credits, managing system upgrades, or responding swiftly during severe winter weather, we'll do whatever it takes to ensure we provide good value to the people we serve.

- Doug Johnson, CEO

FOUNDATION FINANCIAL REPORT

Helping members in need and making local communities better is what the Blue Ridge Energy Members Foundation is all about. We'd like to personally thank our members for contributing to Operation Round Up* to help support the Members Foundation, with 100 percent of all donations going to help families and our communities.
