TO GET STARTED

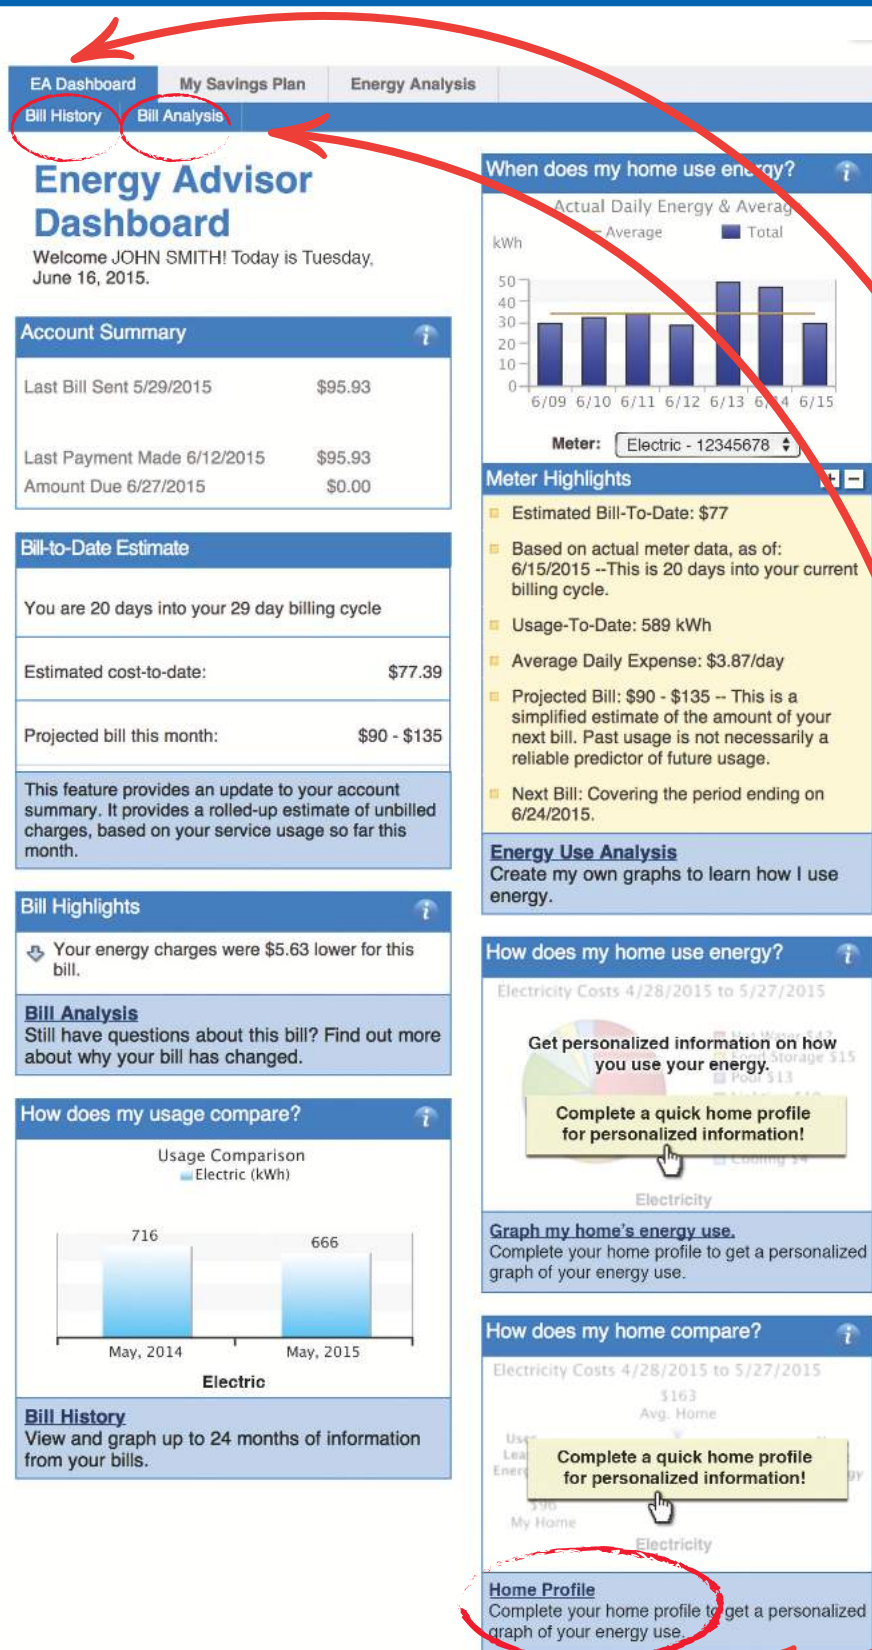

Turn on your computer or mobile device and turn off some energy-wasters with the help of the **NEW Energy Advisor** from Blue Ridge Energy. This **FREE**, 24/7 service provides custom advice on how you can reduce your electric bills based on your home and how you use energy. *This brochure highlights just a few of the many features of this powerful tool.* Here's how it works:

Go to BlueRidgeEnergy.com and click on **My Account** to access your member account.

Once you've logged in, you'll see the **Member Portal**. This area has a new look, but features all the same helpful information as before, plus a powerful tool to help you save energy and money. Simply click **Launch Energy Advisor** or **EA Dashboard** from the left menu to get started.

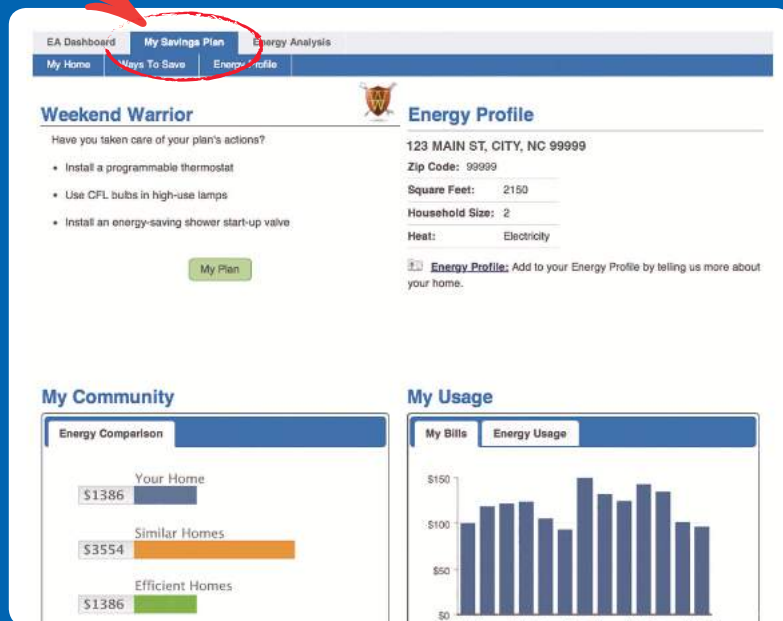

The **Energy Advisor Dashboard** view provides a quick look at your important billing and energy history, along with detailed information.

Bill History shows a comparison of your monthly bills in table or graph form. By clicking the detail tabs, you can compare average cost per day, the number of billing days for each bill, and weather data.

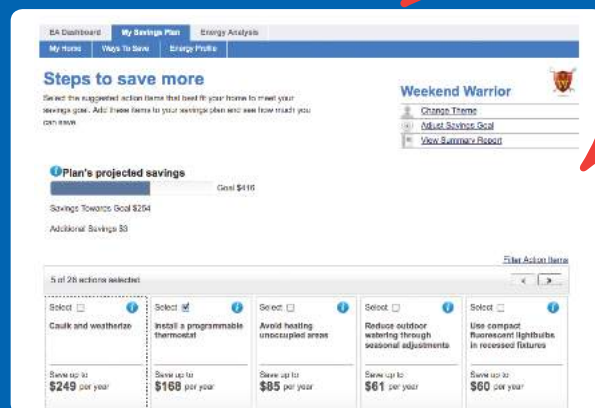

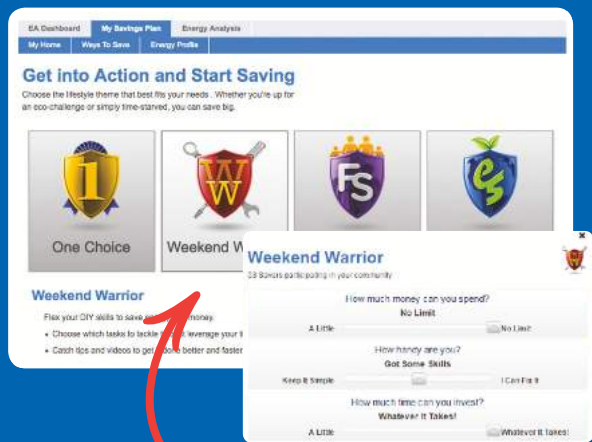

The **Bill Analysis** provides a detailed bill comparison and notes. You can also print a **Summary Report** for your records.

Be sure to fill out your **Home Profile** to customize the data and recommendations for your home.

Click on **My Savings Plan** to get started lowering your bill today. You'll see a summary under **My Home** that prompts you to set an energy-savings goal and shows you potential savings. This section also features a comparison of energy bills from other homes in your community.

Next you'll explore **Ways to Save** by choosing a theme that best suits your needs based on the amount of time and money you want to commit.

Once a theme is selected, you'll be given **Ways to Save** with potential savings amounts assigned to each action. You can select the ones you want to accomplish and total savings will be calculated as you go. You can change your savings goal, theme and home profile at any time.

The **Energy Advisor** is a flexible tool designed to provide you with customized actions to help you save. *This brochure highlights just a few of the many features of this powerful tool.* Get started today by logging in to the new and improved **My Account** at BlueRidgeEnergy.com. Simply click on **Energy Advisor** and begin learning more about powerful ways to lower your electric bill today!
